

Media Servicing Group Ltd – Environmental Policy Statement – 2018

Media Servicing Group Ltd (The Company), places the highest priority on our responsibilities to the environment. We commit to identifying and addressing the environmental aspects resulting from the provision and delivery of services that include our own initiative launched in 2014, Media Recycling Ltd.

Our commitments can be defined as follows:

- The Company will meet where possible, all current and future European and national environmental legislative and regulatory requirements. The company will also where possible, seek to exceed these standards.
- The Company will enhance the environmental efficiency of its business facilities to reduce the consumption of energy and other natural resources (e.g. water, waste).
- The Company operates to support its Clients to reduce the environmental impact of their business activities. This includes but is not limited to:
 - Housing clients assets within an efficiently-performing structure, fit and maintained for purpose.
 - Continued encouragement of innovations such as motion-activated lighting and re-usable containers for shipping and storage.
 - Providing transportation of assets by appropriate means and routes. Our fleet is updated as advances in emissions technology become available.
 - Safe disposal of client assets, so designated. Zero-landfill policies are applied, with priority given to recycling and energy recovery.
- The Company will work with registered charities to fund through performance metrics, positive contributions to biodiversity, such as the planting of trees in urban spaces.
- The Company will seek to identify partners, suppliers and service providers who offer a positive approach to environmental responsibility.

This Environmental Policy document is available to all staff, clients, contractors, suppliers and partner organisations.
